

WELCOME

Dear

Welcome to our practice! We are pleased and excited to be meeting with you today. New patients are very special to us and we know your experience with our practice today and in the future will reflect this.

Our new patient comprehensive examination does require an unusual amount of time, but we feel that it is worth the investment. It is important to us that you are well informed about your oral health and that we also have the opportunity to gather as much information as necessary to make an accurate diagnosis. This will allow us to put our heads together to select the best suitable treatment plan for you.

We know that this appointment will be as educational for you as it always is for us. Our staff is well qualified to help answer any questions you may have regarding our practice philosophy and our office and financial/insurance matters. Please do not hesitate to ask us about any concerns or questions.

Thank you for this opportunity to get to know you and to be of service to you. We know that this will be the beginning of a long and mutually rewarding relationship for both you and our dental team.

Sincerely,

Dr. Sathvik Begur Seshadri, Dr. Shikha Chopra & Team
